

ANNUAL REPORT 2017-18

**Joint Endeavour for Emancipation
Training & Action of women (JEETA)**

Another year passed and our organization JEETA, has crossed one more year experience of working with the community. The efforts made so far, are hard indeed, but the results envisaged, bestow immense pleasure as we feel those are the driving forces in achieving the desired results. As a result this proud moment has come to make an attempt to present the glimpses of our accomplishments in this small booklet. Like the previous year we have concerted our endeavours on Livelihood, Water, Health & Sanitation and Women Empowerment within the framework of our vision and mission.

Before going in detail, it would be pertinent to acknowledge the contributions of our Staff, Board Members, Advisors and Well Wishers which proved handy. We also our sincere gratitude to the donors particularly, Water Aid, Tata Trust, NAWO NHM ,& line departments of the Govt. in the state and district levels, target communities, other stakeholders for their commitment, support and guidance without which we could not have reached this stage. We are confident that in the coming years, it will continue to enable us to deliver more and more

With warmth of regards

Anupama Rout,

Secretary

ABOUT OUR ORGANIZATION

Flash back

Joint Endeavour for Emancipation Training & Action for women (JEETA), as not for profit organizations, commenced its journey during the year 1994 due to the inexorable efforts of a handful of young people with social work bent of mind and dedication to work for the underprivileged in the remote villages of Anugul and Deogarh Districts where the development is in the nascent stage.

The journey made so far

JEETA basically evolved especially to work in the issue of domestic violence. Gradually in the process of maturing, it has to be involved with broad spectrum of developmental issues focusing on Livelihood, Health, Water Sanitation & Hygiene, Migration, Local Self Governance and Gender Discrimination.

Legal Status

It got registered under Societies Registration Act of 1860 bearing No.19589/21 during the year 1994-95. Subsequently was registered under Foreign Contribution Regulation Act bearing the number 104850007 during September 2003. JEETA has also obtained the registration under 12 A & 80 G of the Income Tax Act during 2007 as well as PAN card no. AAAAJ3195Q and TAN BBNJ00598D for fulfilling the tax formalities.

Office locations

Currently JEETA has its Head Office located at Pallahara of Anugul District and established its project office in Prakrutipalli of Barkote block of Anugul District.

Vision

Seeing a just Society where every individual capable of guiding her/ his own destiny with full stretch her/ his personality.

Mission

To empower the women and other marginalized section of the society for their 'sustainable development'.

Approach

Partnering with community focusing on their skill building to protect, preserve & manage the local resources and assert their rights to arrest inequality, discrimination and exploitation.

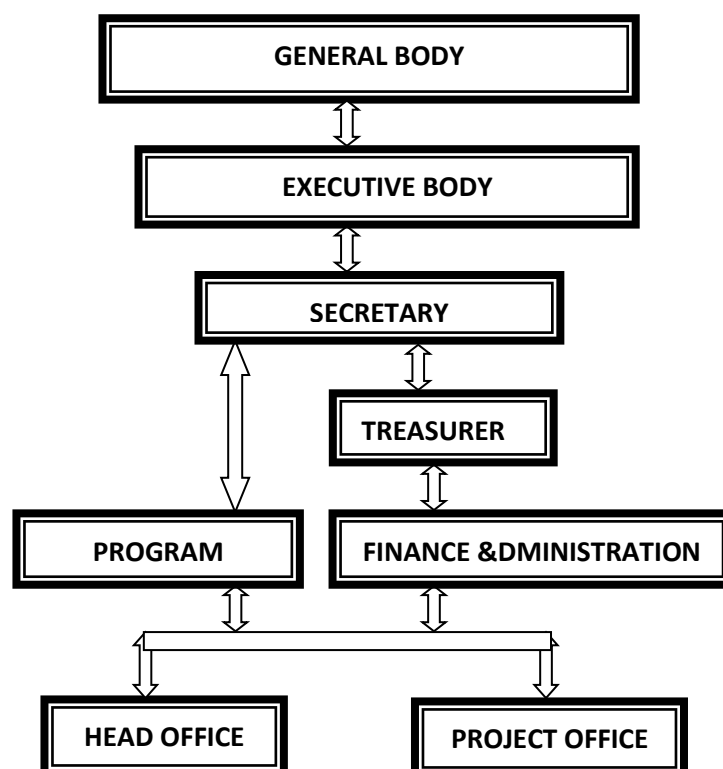

Core Values

- ❖ Working in the team
- ❖ Transparency
- ❖ Accountability to the target constituencies
- ❖ Partnering with communities and other like-minded groups as well as individuals.
- ❖ Mutual respect
- ❖ Secularism
- ❖ Trust and Appreciation
- ❖ Integrity
- ❖ Sustainability

Structure & The Governance

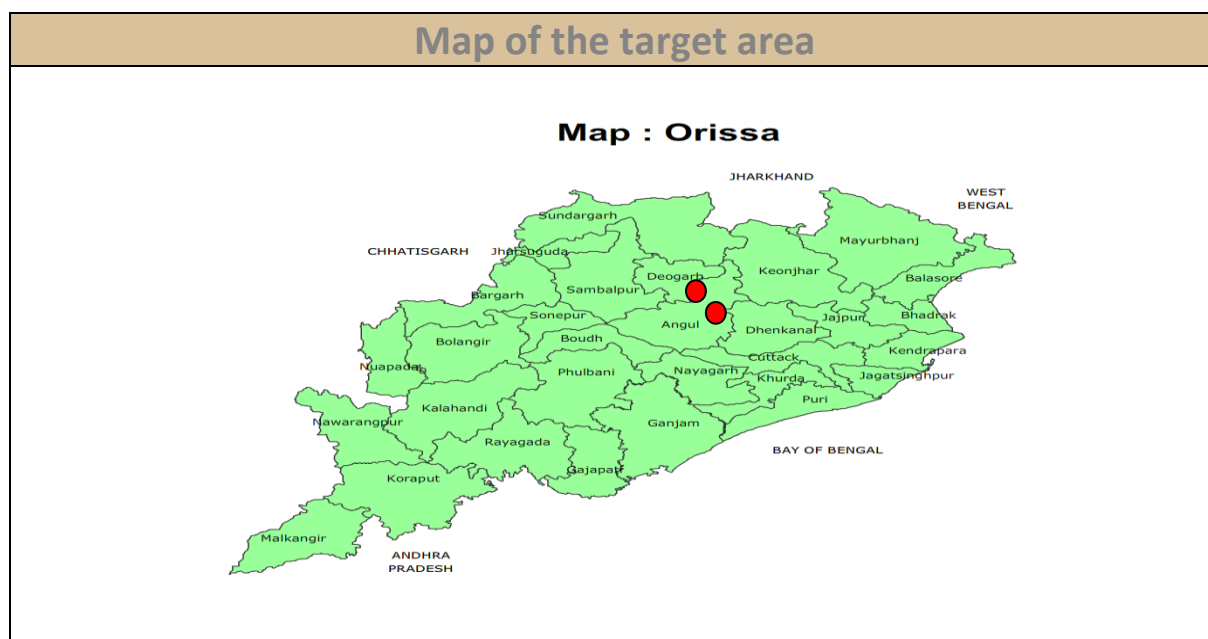

As stated in the bye-law General Body is the supreme authority and down the line there is Governing Body (Board), constituted with 5 office bearers headed by the Chairperson, being supported by other office bearers of the Board such as: Vice Chairperson, Secretary, Asst. Secretary and Treasurer. The Secretary acts as the Chief, and looks after the programmes with the help of the programme staff and Treasurer for Finance & Administration. The Board usually sits half yearly to review the progress and decide further course of action. The Annual General Meeting is conducted once in every year taking all members to approve operational plan, budget, review the accomplishments and take major policy decisions.

ORGANOGRAM

Geographical Outreach and Target Constituencies

JEETA, during the reporting period has direct presence in 353 villages of three Blocks in two districts of Odisha through its programmatic interventions. Both the districts are adjacent to each other and situated in the central part of the State with high mineral and forest resources. The details are illustrated below.

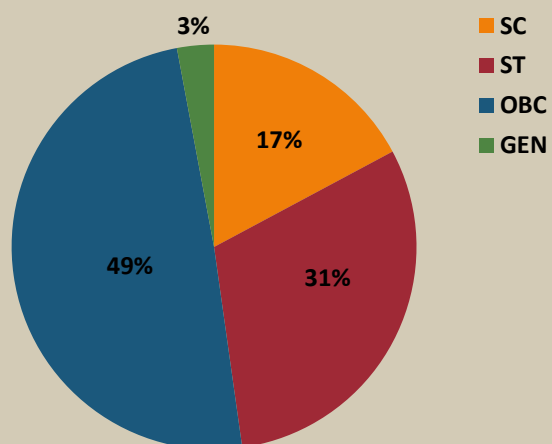

DEMOGRAPHIC PROFILE

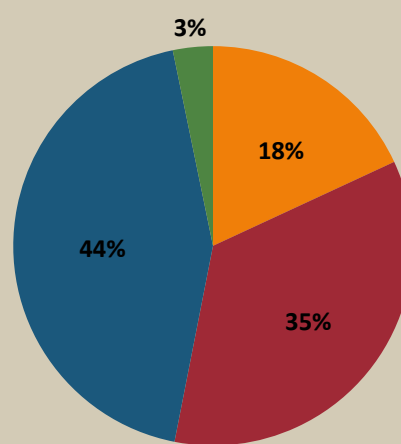

Target villages and Households

District	Block	No. of GPs	No. of Villages	Household status					Total BPL families
				SC	ST	OBC	GEN	Total	
Deogarh	Barkote	24	213	4767	7362	13805	711	26645	13712

Total population				27045	52320	65292	4830	149487	

Caste Wise Distribution of Target Households

Caste Wise Distribution of Target Population

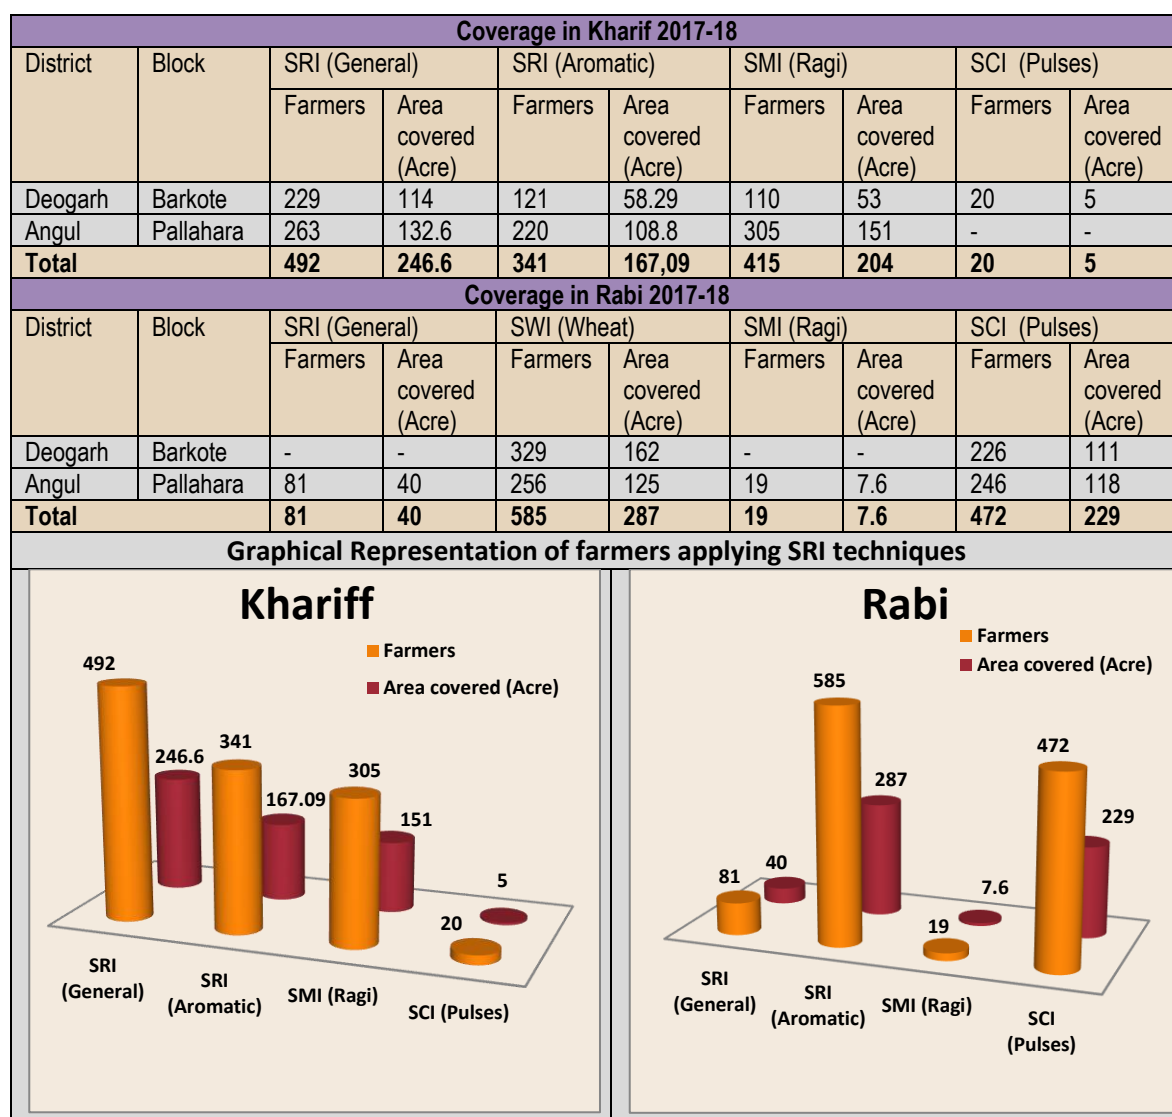

OUR PROGRAMME OUR CREDIBILITY

During this year the interventions of the previous year has been continued within the broad framework of the followings:

I. Enhancing Food & Nutritional Security Through System Of Rice Intensification (SRI) & System Of Millet Intensification (SMI)

Realising the socio-economic situation, climatic condition of the target area and livelihood opportunities of the inhabitants, JEETA has intensified its effort on SRI and SMI with a view to increase the food production which would lead to improving nutritional intake as well as increasing income. The intervention got the support of Jamsetji Tata Trust and implemented in Barkote and Pallahara blocks of Deogarh and Anugul districts.

STORY OF THE CHAMPION OF CHANGES

More yield in less investment through SRI

“It is hard to believe that with the application of SRI technique, more yield could be derived with lesser inputs comparing to the conventional method of cultivation”, revealed by Maturam Samad, a marginal tribal farmer of village Talabahali of Kaliapal GP of Barkote Block in Deogarh District.

While narrating his story, Maturam mentioned that including him, the eight members of his family depend on agriculture for livelihood. Though he has a total landholding of 4 acres, he and his family members toil hard in the field for paddy cultivation in only 2 acres in khariff season due to trepidation of high investment and low fertility of the land. Of course in a small patch they do vegetable cultivation mostly for family consumption. He divulged that the return was too meagre to meet the family requirements throughout the year, which has compelled to be in the debt trap always.

Being emotional he continued, “I was going through the turmoil of stress thinking day in and day out how to come out of it. By God’s grace I came in contact with the team of JEETA, who encouraged me to adopt the SRI technique and of course

provided the handholding support.”

JEETA oriented him on the process SRI and provided some inputs like seed, mandua and guided him so that he could introduce SRI in paddy cultivation in a patch of 1 acre of land. And to his sheer surprise he could reap 14 qtl. of paddy with the sowing of 2 kg. seed while he was getting around 9-10 qtl. production with around 10kg. of seed. Apart from that other expenditure on the activities like transplantation, weeding, fertilizer (which is organic and prepared by him) also helped him to save more than half made in the conventional method. Seeing the result, now he has a plan to practice it in case of wheat and millet and increase the area of whole 4 acres of land.

Now a beaming Maturam is confident of his livelihood and told confidently, “If it goes like this and mother nature is kind to me I could come out of debt trap within a year two.

Capacity building efforts undertaken

Sl. No	Programmes	No. of Programmes	No of Participants
1	Training on preparation & application of organic fertilizer		61
2	Training on seed preservation & mixed cropping		79
3	Farmers Exposure		60

Under this programme intensive focus is given on the followings

- Identification of the potential interested farmers and their capacity building on preparation & application of organic fertilizer & pesticides, seed preservation & mixed cropping. Exposure visit to the demonstrated units.
- Interface between farmers, agriculture experts and the experienced farmers for sharing and learning.

It is heartening to mention that this technique also experimented in case of wheat and pulses.

II. Enabling The Target Communities To Access Safe Improved Water, Sanitation & Hygiene (WASH) Facilities

With the vision of WASH secured Deogarh District, JEETA in partnership with Jalseva Charitable Foundation previously known as WaterAid and guided by Dist Water & Sanitation Mission Deogarh, has undertaken a project to cover 7943 families having 146073 total population focusing on the following aspects:

- Sensitizing the people and constructing toilet with the facility for Persons with disabilities (PwDs)
- Reconstruction and renovation of damaged toilet
- Orientation to School cabinets, Teachers and School Management Committees (SMCs) on WASH
- Orientation to PRI members, Angan Wadi Workers (AWW) & SHG leaders on WASH
- Training of SHG members on income generation by utilizing waste materials

Testimony from the Sarpanch :

“Serving the people requires commitment and will power”, says Mr.Bholeswar Nayak, Sarpanch of Saruali GP. He accolades the efforts of JEETA especially in the field of WASH. He revealed that he participated many of the programmes of JEETA and gained knowledge on WASH, provisions of finance commissions, roles & responsibilities of PRI members, Grama Sabha, preparation of village level plans etc. The learning helped him to make the pipe water supply approved for Balidhi village. He himself being motivated took the initiation to install community toilet in Saruali village and separate toilets for boys & girls in Tainasara UP school and Saruali High school. Besides 26 PwD toilets got approved. He assured that he will always stand with JEETA in motivating the people for 100% use of IHHL, enabling all the families and schools in Saruali GP to access safe water and sanitation facilities by the end of 2018.

It would be worthwhile to mention that with the active participation of the school teachers, students, SMCs, community people, AWWs & PRI members village level and school level WASH plans are prepared and started grounding.

Mere construction of latrines does not solve the purpose unless those are used. It was observed that persons with disability (PwD) face a lot of problems in using the latrines which gave an insight to JEETA to make an advocacy effort for those. They have made a survey in

two GPs Balanda & Singhshal in Barkote block of Deogaarh District and identified 27 PwDs. With the support of District Collector and WaterAid and most importantly the Sarpanch Jharana Behera of that GP, drive on “Special IHHL for PwD ” (Person with Disability)is launched in the second half of 2017 which is taking momentum to spread all over the district in a campaign mode.

Capacity building efforts undertaken under WASH intervention			
Sl. No	Name of training/Orientation programmes	No. of Programmes	No of Participants
1	Orientation to School cabinet on WASH		465
2	Training to women SHG members on income generation by utilizing waste material	2	105
3	Orientation to PRI members & SHG leaders on WASH		718
4	Training to SMC members on WASH	1	150
5	Citizen report card		238
6	Teachers training on WASH secured School	2	101
7	Orientation to AWWs on WASH		100
8	Workshop on WASH plan preparation for PRI members		131
9	Orientation programmes for community level institution on Integration of WASH plans		501
10	Community wide action for WASH promotion		764

STORIES OF THE CHAMPIONS OF CHANGES

Heera Behera, a champion change maker:

“Our Heera is really a champion change maker, many could not think to do what she did”, said ***** one elder lady of Mandasila village under Barkote block of Deogarh district. Heera Behera, a young lady always dreams to become a champion of changes. But the family economic condition and the situation was not so conducive to pursue higher education after schooling. After marriage, her inclination for doing something for society groomed with the support of her husband and became the President of Mahamayee SHG group in the village.

In the process she came in contact with the team of JEETA and became a change agent in the village to organize Kumari Club, Children’s club, Farmers’ club and women advocacy group to avail the different government welfare schemes.

Due to her leadership and untiring effort of women SHG, the members are now involved in preparing organic manure from waste materials and animal waste in Mandassila village. Kitchen gardens by the women SHG members are developed in the family level utilising the disposed solid and liquid wastes. More than 95% of the families are covered under Individual Household Latrine. Drinking water is within the reach through pipe water supply under Swajal dhara scheme. There is a significant change in the practice and behaviour of the villagers which is evident that most of the families are dumping their household waste in pits of degradable and non-degradable.

“Heera has justified her name which means DIAMOND. Her dream comes true and she has become the example for many”, mentioned ***** the Sarpanch.

III. Capacity Building of Care Givers

Considering the health situation of the target area and recognizing that health care givers & service providers are instrumental to bring positive changes effort is continued. With the assistance of National Health Mission (NHM), Deogarh, the community leaders especially the Panchayati Raj Institute members are made aware on this issue and Accredited Social Health Activists (ASHA) are capacitated to upgrade their knowledge and skills for providing better services in the village level Barkote, Tileibani & Riamal Block of Deogarh District.

Capacity building efforts undertaken for care givers:			
Sl. No	Name of training/Orientation programmes	No. of Programmes	No of Participants
1	Induction training for newly selected ASHAs	2	47
2	Training of newly selected ASHAs on HBNC	2	26
3	Refresher training of ASHA SATHIs	1	16
4	Gram Panchayat Development Plan Training for Sarpanchas, Samity members and Ward members		323

IV. Sensitizing the communities to save girl children

Children are the future of the Nation. So working for the children especially the girl children is one of the thrust areas of interventions of JEETA. Considering this, 'save the Girl Child' awareness programmes, focusing on prohibiting early marriage, girls' education, their nutrition & hygiene, are continuously organized in the target villages of Barkote Block of Deogarh District and Pallahara & Kaniha Blocks of Angul District.

V. Establishing a District Resource Centre

With a view to capacitate the local women Panchayat Raj Institute (PRI) representatives. with the support and guidance of National Alliance of Women, Odisha chapter (NAWO), a District Resource Centre is established. In this reporting period total 8 training programmes are organized and 323 nos. of women PRI members (Samity members, Sarpanchas, Naib sarapanchas and Ward members) are capacitated.

Concluding Remarks

Year after we are enhancing our learning, skills and experiences. More we are working more we are learning. This will continue. We are trying our best to make our interventions result oriented and make the processes sustained with the partnership of the people for whom and with we are working. JEETA is committed to work for the underprivileged in the area of natural resource management, livelihood, sustainable agriculture, health, water, sanitation and will continue the effort by diversifying its programmes and exploring new funding opportunities. With this we extend our heartfelt thanks to all our staffs and well-wishers who have consistently and continuously provided support and guided us to march on and on . We solicit alike support from one and all in the coming years.

OBSERVATION OF IMPORTANT DAYS

SL.NO.	DAYS OBSERVED	DATE	ACTIVITIES DONE
1	Global Menstrual Hygiene Day	28 th May 2017	Community Level sensitization has been done. Front line workers joined in the program
